Hi, Joe. How are you? When you can, would you please email to me a copy of the Power Point Presentation used during the Feb. 10th EPA public meeting on the Groundwater Proposed Remedial Action Plan for the Ringwood Site? The Borough did not take a copy so that the other members of the public could take one.

Also, we received the summary chart showing the NJIT sampling for PFAS/PFOS that Craig Coslett received from you and forwarded to the Borough. The chart shows the sampling occurred on **May 18, 2019**. When did EPA find out about the NJIT study? I think Craig told the Borough that he was under the impression that Ken Petrone from DEP only recently contacted you about this – is that correct? We are just trying to gather information about this NJIT study and appreciate any assistance or information you can provide. Thank you, Wanda
